Over the Teacups

That's when women discuss really important matters. Clothes, fabrics, styles — the children's books.

Here the hostess and guests are wearing their prettiest Tobralco frocks. The "children" are daintily arrayed in the more delightful fabric. Every mother should see the latest Tobralco designs. Delightful "nursery" patterns, check and floral designs. Every yard is covered by the wonderful Tootal Guarantee.

GUARANTEE — "Should at any time within seven years wear and tear occasioned by the manufacture of this material, which is not covered by the price and pay the cost thereof in making up."

TOBRALCO

SO EASY TO WASH — SO HARD TO WEAR OUT

See name on selvedge • 38 inches wide • 1/9 per yard.

Secret of Film Stars revealed by Scientists...

they say

LUX TOILET SOAP *removes* "PORE-FILM"

NO need to sigh for beauty to come at lightning speed—beauty is not the right of every woman in the world.

Discovery to help on the way to beauty can be had in every hand.

And one of the greatest discoveries—Lux Toilet Soap, so wonderful for keeping skin smooth that 8 out of 10 leading BEF stars in Hollywood and England use it regularly as their most cherished product. "It is so soothing," they say. And millions of other women in Britain use it, for they too have discovered that it leaves skin smooth.

We asked the guardians of beauty—to tell us why Lux Toilet Soap keeps skin so smooth and youthful.

BEWARE OF "PORE-FILM"

This is the questioner explained. "There are two kinds of grime in the skin — one visible and the other invisible — the other perspiration. If these perspiration are allowed to accumulate they cause a film on the skin — pore-film we call it. This film prevents the free flow of the beneficial fluid, dulls the fresh glow and dirt. Not more than that — it may destroy beauty, for in time this grime quickly unlight — may cause disfigurings skin infections."

A WAY TO BEAUTY

Pore-film must be removed. If the skin is to be clear and radiant, lux toilet soap is not what a quick lather promises to move pore-film.

Lux Toilet Soap has a lathering action that is quickly quick. It cleanses — deep down into the pores, and therefore is an instant water made of early "pore-film."

For Lux Toilet Soap is one of regularly to pore means the difference in your skin — smooth and clear and free when "pore-film" is removed. Of grocers and chemists Lux Toilet Soap costs only 3d a tablet.
