Paris 11 oct 1834

Dear Sir

I am much flattered by
your kindness in having intro-
duced to me, the Baron
Schelling de Cassstadt, who
appears to have collected some
valuable materials from
Mongolia - and, we shall
all look to Bonn - for a
further knowledge of them -

my arrival here was
darkened by the account of
Klaproth's death - which will
leave, a vacuum, difficult
to fill.
