My dear Monsieur Schlegel

I send by this opportunity a copy of the Ramayan
obtained as you wished in Guzerat. - I can only
add, that never was a public slave more anxious
to break his chain & to wander free from the cares
of government over the scenes lately visited by his
family in Germany & Switzerland. But he yet hopes
to have that pleasure & to pay his respects to professor
Schlegel & to revive old times.

You will have received an account of your election
as a member of the Bombay Literary Society which
is honored by the accession of one who is so zealous
& so able a labourer in the field of oriental lore.
