

A
DISCOVERY

OF
Subterranean Treasure;

VIZ.

Of all Manner of MINES and
MINERALS, from the *Gold* to the
Coal; with plain Directions and Rules
for the finding of them in all King-
doms and Countries.

And also,

The Art of Melting, Refining, and Assaying
of them is plainly shewn; so that every
Man of an ordinary Capacity may, with a
small Charge, presently try the Value of
such Oars as shall be found either by Rule
or by Accident.

To which is added,

A real Experiment, whereby every one may presently
try whether any Piece of Gold that shall come to his Hands
be true or counterfeit, without defacing or altering the
Form thereof, and more certainly than any Goldsmith or
Refiner whatsoever can do.

A L S O

A perfect Way to try what Colour any Berry, Leaf,
Flower, Stalk, Root, Fruit, Seed, Bark, or Wood will
give; with an infallible Method of preparing Colours, which
shall neither stain, nor fade, like ordinary Colours.

Very necessary for every one to know, whether he travels by
Land or Sea, or in whatsoever Country, Dominion, or Plan-
tation he may r. side

The Whole founded on the Experience of
Mr GABRIEL PLATTES.
