The size of the Prize Cartoons themselves averages each about fifteen feet in width and ten feet in height. A reduced scale for the purposes of publication has therefore been adopted. But in the process of reduction every care has been taken that all the characteristic features of the originals are faithfully preserved; and the Engraving of each subject will be submitted to the approval of its author. Lithography has been chosen as being a suitable medium for giving copies of these important works to the public.

The size of the work will be large folio. The price of the eleven engravings will be Five Guineas, in a neat Portfolio; Proofs before letters, Eight Guineas.

It is expected that this work will be ready for publication in the spring.
