**THE BRITISH EMPIRE SERIES.**  
IN FIVE VOLUMES. 6 sh. each.

Vol. I. **INDIA.**  
Vol. II. **AFRICA.**  
Vol. III. **CANADA and WEST INDIES.**  
Vol. IV. **AUSTRALASIA.**  
Vol. V. **GENERAL.**  
[Vols. I. and II. immediately.]

These five volumes will constitute a survey of the British Empire by the most distinguished and experienced writers upon Imperial interests. Every care has been taken to avoid the dry-as-dust method of statistics, and the articles will be found not only complete and minutely informative, but also attractive in exposition, genial, and eminently readable. It is improbable that so much information of so essential a character has ever been brought together into so small a compass, and the volumes will be found to present a study of the life, resources, and future prospects of the British Empire unparalleled for accuracy, dignity, and charm. Each volume has explanatory maps, so that no detail is omitted that may conduce to a rapid comprehension of the large and fruitful topic under discussion.

**BOOKS ON EGYPT AND CHALDÆA.**  
By *E. A. Wallis Budge, M.A., Litt.D.,*
