

Finanzielles und Volkswirtschaft. Dresden, 21. April. Obgleich die gestrigen Börsen ziemlich matte Tendenz kennzeichnete, so ist die Grundstimmung der heutigen Börsen doch als recht fest zu bezeichnen. Auch die hiesige Börse verlebte in feiner Haltung, der Verkehr war jedoch ein wenig leblicher. Umstände in Industriepapieren fanden nur geringe Beachtung. Von Industrie-Prioritäten konnten sich lediglich kaum bezeichnen. Sächl. Bonds zwar fest, aber recht schwach der Verkehr. Renten außer Dresdener ziemlich still, Credit hier mit 884 bezahlt. Ausnahmeweise berührten auch einmal Staatsbonds unseren Markt, dieselben wurden mit 570-580 gehandelt. Alle übrigen Gebiete waren von geringer Bedeutung. Ceteri. Notizen 170,40.
