Feb. 17th 21.

Mr. D. J. Donohue,
c/o Cudahy Packing Co. Chicago, Ill.

Dear Mr. Donohue:

Your favor of the 24th of Jan. was forwarded to me. I thank you very much for your good wishes and I am glad to inform you that I had a good journey and found my people here in good health. Replying to your inquiry regards Beef casings kindly note that no doubt with the conditions of Germany improving and the prices of cattle going down the market for beef casings will gradually increase. I found a decided improvement in the condition here in comparison to what they were when I left last June. No doubt matters will continue to improve if no political setback occurs.

I hear Swifts are very anxious to capture the beef cut trade here and are sending casings for sale on commission even to smaller towns of 100 000 population. I understand they are selling at 45 cents to small dealer for middles.

If I can be of any service to you or get you any information kindly let me know and I will be pleased to do all I can for you.

I expect to return to the states in about 2 months time.

With kindest regards

yours very truly
