

Vt qui cōducti plorāt i funere dicūt
 Et faciūt prope plura dolentibus ex aīo sit
 Derisor uero plus laudatore mouetur
 Reges dicūt multis urgere curullis
 Et torquere mero quem p̄sperisse laborāt
 An sit amicitia dignus sic armina quondam
 Nūq̄ te fallāt ai sub uulpe latentes
 Quintilio siquid recitares - corige sodes
 Hæ agebat ⁊ hec te mellius posse negares
 Bis terq̄ expertū frustra deleare iubebat
 Et male tornatoꝝ inuendi reddere uersus
 Si defendere delictū quā uerte malles
 Nulū ultra uerbū aut opā sumebat i anem
 Quī sine ruali terq̄ ⁊ tua solus amares
 Vir bonus ⁊ prudens uersus reprehendet iertes
 Culpabit duroꝝ i cōptis allinet atrū
 Tranuerso calamo signū ambiciosa recidet
 Ornamenta parū clario lucē dare cogit
 Arguet ambigue dictū mutanda notabit
 Fiet aristarcus nec dicet cur ego amicu
 Offenda i mugis he nuge seria ducēt
 In mala derisū semel exceptūq̄ sinistre
 Vt mala quē scabies aut morbus regius urget
 Aut fanaticus eror ⁊ iracunda dadiana
 Vesani tegisse timēt fugiūtq̄ poetaꝝ
 Qui sapiūt agitāt pueri i cantiq̄ secunt
 Hic dū sublimis uersus eructat ⁊ errat .
