 Krisoberillo.—*Nap.* p. 134.—Chryfopal, *Lam.* t. 2. p.
 244.—Le Chrysoberil, *Broch.* t. 1. p. 167.—Cymo-
 phane, *Haüy.* t. 2. p. 491.

External Characters.

Its chief colour is asparagus green; it passes on the
 one side into apple green, mountain green, and
 greenish white; on the other side it passes through
 light olive and oil green into light yellowish grey,
 which inclines strongly to brown, and even passes to
 reddish brown.

It
