

(g) Auxiliary Electrical Equipment	131
(h) Hints Regarding Maintenance and Repairs	131
(12) Ignition System of the Petrol Engine	133
(a) General	133
(b) Ignition Coil	133
(c) Contact-breaker and Condenser	135
(d) Ignition Distributor	135
(e) Ignition Timing and Control	137
(f) Sparking-plugs	138
(g) Hints Regarding Maintenance and Repairs	140
V. The Transmission System	142
(1) General	142
(2) Clutches	142
(a) General	142
(b) Types of Clutches	143
(c) Hints Regarding Maintenance and Repairs	147
(3) Change-speed Gear	147
(a) General	147
(b) Design and Function of the Change-speed Gear	149
(c) Creep Gear	151
(d) Hints Regarding Maintenance and Repairs	151
(4) Differential Gear and Final Gear	152
(a) General	152
(b) Axle Drive	153
(c) Differential Gear	154
(d) Final Drive	156
(e) Hints Regarding Maintenance and Repairs	156
(5) Power Take-off Gears	156
(a) General	156
(b) Types of Drive for the Power Take-off	158
(c) Prevention of Accidents	159
VI. The Base Structure	160
(1) General Layout	161
(2) Characteristic Features of the Basic Structures of Wheeled Tractors and Crawler Tractors	162
(3) Steering Systems and Steering Gears	162
(a) General	162
(b) Types of Steering Gear for Wheeled Tractors	163
(c) Steering Systems and Mechanisms for Crawler Tractors	169
(d) Hints Regarding Maintenance and Repairs	171
(4) Brakes	173
(a) General	173
(b) Structural Elements and Mode of Operation of the Mechanical Brake	175
(c) Mode of Operation of the Hydraulic Brake	179
(d) Hints Regarding Maintenance and Repairs	180
