Cambridge and Parham's Feed Water Heater	443

ROYAL UNITED SERVICE INSTITUTION, WHITEHALL YARD.

EVENING MEETING,
MONDAY, JUNE 19th.
MAJOR-GENERAL SIR J. LINTORN A. SIMMONS,
K.C.B. R.E.,
Governor, Royal Military Academy, Woolwich, in the Chair.
The Chair will be taken at Half-past Eight precisely
by MAJOR R. H. STODHERD, R.E.,
"On Defensive Sub-Marine Warfare."
By THE REV. KENNETH BEAL, CHAPLIN, R.N.,
Will exhibit a Model of a Chinese Torpedo, and read a
Translation of a Native Work on the Subject.
By Order of the Council,
R. BURGESS, Captain,
Secretary.

June 13th, 1871.
SILVERED PLATE GLASS, for Looking-
glasses, with or without frames. Silvered by new
process. With pure silver, not liable to injury from damp, heat,
or handling. Unequalled in brilliancy. Samples, tariffs, and
estimates on application.—PATENT SILVERING COMPANY
(Limited).

POLISHED PLATE GLASS.—Architects,
Builders, and the Trade supplied with above at lowest
current rate, and of the best quality.—PATENT SILVERING
COMPANY (Limited), 19 and 12, Lower Kennington-lane,
London.

FOR SALE.—New and Second-hand Screw
Cutting and Surfacing Lathes, by Whitworth and other
makers. Small Screw Cutting Lathes with Treadle Motion.
Amateur Foot Lathes always in stock. Large and small Drill-
ing Machines by Smith, Beacock, and Tannett, Greenwood
and Batley, and other makers. Planing and Shaping machines
by Kershaw of Manchester, Buckton of Leeds, and others;
executive Cutting and Punching Presses by Simpson, Birks,
and other makers; Fly Presses, Horizontal Vertical, and
Portable Engines; Lloyd's and Shill's Fans, Stocks, and Dies;
Whitworth's thread; New and Second-hand Leather Belting;
Shafting Couplings and Plummer Blocks. All sizes kept in
stock: about 50 tons of Rigger Wheels; 20 tons of Wrought
Iron Tanks, Anvils, Vices, Smith's Bellows, Portable Forges,
and every kind of Smith's and Engineer's tools always in
stock, at
J. COHENS, 240, Blackfriars-road.

PARTNERSHIP.—There is an Opening
for a Gentleman having the command of £2,000 to
£2,500 in a first class Mechanical Manufactory. Full investigation
and undoubted references. Apply to Messrs. B. M.
WOOLLAN and Co., Accountants, 117, Cheapside, E.C., corner
of Milk-street.

PARTNERSHIP.—Wanted a Partner with
from £500 to £1000 in a genuine Manufactory Business,
where the profits are very large, to take the place of a retiring
partner. Undeniable references and securities. Apply to
Messrs. B. M. WOOLLAN and Co., Accountants, 117, Cheap-
side, E.C., first door in Milk-street.

PARTNERSHIP.—MR. THOMAS PENN,
Inventor and Patentee of the Self-Regulating Apparatus
for opening and closing Water-closets and other Cocks,
wishes to meet with a PARTNER (sleeping or otherwise),
with £500. The invention is patented in England, France,
and Belgium, and a separate arrangement would be made if
desired, with respect to any one of these countries. All
Communications to be addressed to Mr. THOMAS PENN,
Hydraulic Engineer, 40, Westbury-street, Clapham, London,
S.W.

TO ENGINEERS.

THE "FIELD" TUBES can be fitted to
already existing boilers. They will either effect a considerable
saving in fuel or enable boilers now short of steam to keep full steam
—For price and particulars apply to Mr. LEWIS OLRICK, Consul-
ing Engineer, 27, Leadenhall-street, London.

THE "FIELD" BOILER is the most
economical steam boiler as to space, fuel, and price. It is
equally adapted for stationary, portable and marine engines. Illustrations
and full particulars may be obtained by applying to Mr. LEWIS
OLRICK, Consulting Engineer, 27, Leadenhall-street, London, E.C.

DRAWINGS, PLANS, TRACINGS, &c.,
executed with accuracy and despatch, on moderate terms, by
MESSRS. and THORPE, Mechanical and General Draughtsmen, 8
Quality-court, Chancery-lane, W.C.
M and T are thoroughly practical Engineers

200 RAILWAY and STEAMSHIP COM-
PANIES & ENGINEERING firms (with Woolwich, Sheer-
ness, Portsmouth, and Devonport Dockyards) have now been supplied
with DUDGEON'S PATENT ROLLER TUBE EXPANDER, by
ALEX. ANDERSON, 9, London-street, London, E.C. The value of the
Expander for Fixing Boiler Tubes is now universally acknowledged.
Price lists and references forwarded on application.

ENGINEERS' TOOLS FOR SALE.—
Lathes, Planing, Shaping, Slotting, Drilling, Plate Bending,
Bolt Screwing, Punching, and Shearing Machines, in great variety
of sizes, ready for delivery.—Apply personally or by letter, fully
describing sizes and kinds of machines required, to W. BLACKETT,
Hope Ironworks, Southwark Bridge-road, London.

STEAM ENGINES for SALE.—A Large
Assortment of Vertical and Horizontal Steam Engines, also
Upright Boilers and Engines Combined, from 1 to 30-horse power,
ready for delivery.—Apply personally or by letter, describing kind
of engine and power required, to W. BLACKETT, Hope Ironworks,
48, Southwark Bridge-road, London.

IMPORTANT TO RAILWAY COMPANIES.
ELASTIC RAILWAY WHEELS
(Smith's Patent) are more durable, safer, less cost, the trains
much easier stopped or started. Information through WM. KELLEY,
Esq., 118, Cannon-street, E.C.; or FREDERICK H. SMITH, Esq., 4,
Dunegal-square West, Belfast.
They are taken up in France and America.

PRACTICAL TELEGRAPHY.
ALL THE SYSTEMS TAUGHT at the
ELECTRIC TELEGRAPH SCHOOLS OF INSTRUCTION
18, CITY ROAD, E.C.
(Nine doors from Finsbury-square.)
Prospectus on application to—
THOMAS EVANS LUNDY, Manager.

GILT ROOM BORDERING—½ in. OG, 6s.
per 100 feet; ¾ in. OG, 7s.; 1 in. OG, 10s. 6d. Every description
of Picture Frames and Mouldings kept on Stock at the Lowest
Prices. Regarding to the trade.
AT GEORGE REES'S, 57, DRURY LANE.

EVERY MAN HIS OWN PRINTER.—
PRINTING PRESSES (all iron), 25s. complete, to £3 10s.
Specimens of work for stamped direct envelope. Enclose to In-
ventor, JABEZ FRANCIS, Rochford, Essex. Type and materials for
Amateurs.

MATHEMATICAL INSTRUMENTS, &c.
64 Charing-cross S.W.

HOLTZAPFEL and CO. supply first
quality INSTRUMENTS at second quality prices. A visit or
inspection is solicited.

NOTICE BOARDS.—AUCTIONEERS and
OTHERS supplied.—Address, A. Johnson, Writer, 28,
Lime-street, City, E.C. Established 15 years. Estimates sent
post free.

Plates, strongly bound in cloth. Price 25 2s.
THE HANDBOOK OF SPECIFICATIONS.
Illustrated by Precedents of Buildings actually executed
by eminent Architects and Engineers. Preceded by a Preliminary
Essay, and Skeletons of Specifications and Contracts, &c.
By Professor T. L. DONALDSON, President of the Royal
Institute of British Architects, &c. With a Review of the
Law of Contracts, &c. By W. CUNNINGHAM GLEN, Bar-
rister-at-Law.
London: LOCKWOOD & CO., 7, Stationers'-hall-court, E.

CHEAP LATHES.—S. SMITH, 204, HIGH
HOLBORN, three doors from Newton-street.

WHEEL RACK, and SCREW CUTTING
SPUR, BEVEL, RATCHET, WORM, and INTERNAL
WHEELS cut to any size or number of teeth, also racks of any length
or pitch. Dividing plates drilled or lined. Screws cut to any size or
pitch. J. WILKINSON, Engineer, St. George's Works, 42, late 83, St.
George's-road, S.E., London.

INSTANTANEOUS WATER HEATER.
—The GEYSER (MAUGHAN'S PATENT), for Baths, Lavatories,
Domestic Uses, &c.—Office, 214, GOSWELL ROAD. Licenses
granted. Gold medal, 1870.

JOHN BOURNE and Co., Engineers,
Shipbuilders, and Contractors, 66, Mark-lane, London, E.C.
tender for all kinds of Engines, Millwork, Tools, Hydraulic Ma-
chinery, Ships and Shipwork, Boilers, Bridges, Roofs, Railway and
Contractors' Plant, &c.

THOMAS RICHARDSON, Manufacturer of
Church and School Furniture, Patentee and Sole Maker
of the PREMIER PATENT SCHOOL DESK, Pimblett-street,
Park-street, Cheetham, Manchester.
Pulpits, Reading Desks, Altar Tables, and every description
of Woodwork for Churches and Schools, on the most moderate
terms. Illustrated Catalogues post free.

MANCHESTER SPONGE CLOTHS, the
most economical Cleaning Material for Engineers, Gasfitters,
&c.—Sold by SOFUS E. HOLTEN, 82, Gracechurch-street, E.C.

ASTON and MANDER, Mathematical
Rule, Drawing Scale and Instrument Manufacturers, 25,
OLD COMPTON STREET, SOHO, LONDON.—Rules and Scales
correctly divided to the standard measures of every country in the
world. Price lists sent free to any address on application. Estab-
lished 60 years.

TO ENGINEERS.—To be Sold, a Great
BARGAIN, a magnificently executed SET of STENCIL
PLATES for expediting the Lettering on Plans. They consist
of Plain and Ornamental Alphabets, Figures, and Plates of
every kind of word used upon Engineering Drawings in a
variety of types. They are made upon the bevel-edge principle,
which prevents the ink from spreading or blotting when being
used, and will enable any person to produce the most accurate
impressions. They are quite new, being a portion of the re-
maining stock of the maker, retiring from business. Price for
the whole 25s., worth at least 40 or 45. Impressions will be
forwarded for inspection, gratis, or the plates, if requested,—
Apply to Messrs. BARKLEY and CO.,
4, Bartholomew-road, Kentish Town, London.

WANTED TO PURCHASE a Small
Engineering and Foundry Business, or a Share in
one.—Address, Engineer, Post Office, Chelmsford.

NORMANDY'S PATENT MARINE
ERATED FRESH WATER COMPANY (Limited).
Office, 43, Minning-lane, London, E.C. The Well-known Con-
densers supplied by this Company are the only ones made
which combine, with Great Economy of Fuel, perfect aeration
and refrigeration during the process of condensation. The
water can be drunk at once as it flows cold from the filter.

LATHES.—The Cheapest House for good
Lathes, with planed iron beds, iron standards, &c., the
friction parts of hardened steel, is NEILSON'S, 19, Denmark-
street, Soho, London, makers of every description of tools and
apparatus for amateurs and mechanics. Inventions worked
out. Price list two stamps.

WORKMEN'S INTERNATIONAL EXHIBITION, 1870.
Silver Medal (only prize for Lathes) awarded for excellence of
workmanship.

TO BE SOLD.—A Second-hand Planing
Machine, will plane 1ft. 10in. by 1ft. 10in.—Apply to Mr.
ALCOCK, Windsor Bridge Iron Works, Manchester.

D. C. MILLAR & Co., MILREVAN
WORKS, DOUGHTY-STREET, LAWRENCE-WALK,
Office entrance, WILLIAM-STREET, HIGH-STREET, LAM-
BETH, S.E., make Land and Marine Engines and Machinery
of all kinds, and beg to call attention to their Expansive and
Compound Engines, which are of the highest order of excel-
lence, and of extreme economy in fuel. The best materials are
alone used, together with the most careful workmanship. Old
Engines fitted with Expansive Gear, or with new Single or
Double Cylinders. Cylinders re-bored up to 10ft diameter (in
their places if desired) and fitted with new metallic pistons,
&c. Mr. MILLAR may be consulted on steam engine altera-
tions, with a view to their economical working, at the Works,
as above.

GRAND PRIZE PARIS EXHIBITION.

HOFFMAN'S PATENT KILN for Burn-
ing Bricks, Tiles, Pottery, Lime, Cement, and Roasting Ores,
at a saving of Two-thirds of the Fuel.
For particulars, and to see it work, apply to Mr. H. Chamberlain,
3, St. John's, Wakefield; or to Mr. Hermann Wedekind, 3, Gra-
tower-street, London, E.C.

MACHINERY! MACHINERY!! MA-
CHINERY!!! SALE or HIRE. New and Second-
hand, by eminent London and other makers. 100 tons Boilers,
Lancashire, Cornish, Egg-end, Elephant, Portable, &c., from
1 to 60 H.P. Steam engines, edge-runners, saw benches, rack,
rope, and other benches, wrought iron and cast iron tanks,
shafts, couplings, leather bands, hydraulic presses, pumps,
crabs, boiler mountings, and machinery too numerous to
mention.—B. H. WILLIAMS, 224, Grange-road, Bermondsey,
and South Bermondsey Railway Station, S.E.

TOOLS, MACHINERY, PLANT, EN-
GINE, and BOILERS for SALE, piecemeal, by eminent
makers, being the contents of large locomotive and engineering
works in Lancashire declining business.—Particulars in catalogue
from FREDERICK MILES, Engineering Agent, Mansfield Chambers,
St. Ann's-square, Manchester.

LATHES! LATHES!! of Every Descrip-
tion; suitable for the Amateur or Mechanic. Superior quality
and lowest price. TOOL CHESTS for family use from 12s. each.—
Catalogues and price lists sent free on application to MOSLEY
and SIMPSON, Tool and Cutlery Manufacturers, 17 and 18, King-
street, Covent Garden, W.C.

TO YACHT OWNERS.—FOR SALE.—
A Pair of Engines of 3 H.P., of Superior Quality, fitted
with link motion, reversing gear, and pumps, in perfect
condition, suitable for a Yacht or other purposes. Can be seen at
work, if required. Address, by letter, "Omega," Office of the
MECHANICS' MAGAZINE, 106, Fleet-street, E.C.

PHILLIPS'S PATENT SOLID FLANGE
GIRDERS give double the strength of ordinary riveted
plate-girders of corresponding sectional area and weight, and are
supplied in the usual sections at a lower rate per ton.
Particulars furnished on application to the patentees, W. and J.
Phillips, 25, Coal Exchange, E.C.

PHILLIPS'S PATENT IMPROVED FIRE-PROOF FLOORING
disposes with the use of all Wooden Fillets and Laths; can be laid
by any labourer, and the ceiling plastered immediately; is light and
indestructible, and in combination with the Iron Joists, forms a per-
fect structure at a trifling cost over the ordinary combustible Timber
Floors.

W. and T. Phillips, Patentees, 25, Coal Exchange, E.C.
PHILLIPS'S ROLLED WROUGHT-IRON JOISTS AND BEAMS
are specially manufactured from tough and elastic Metals, and
are supplied at the cost of the inferior descriptions of Iron in the
market.
W. and T. Phillips, 25, Coal Exchange, E.C.

AGENTS WANTED IN LONDON and
in every town not yet represented.
BACON'S Agents earn £3 to £5 weekly, without risk.
PERMANENT INCOME. TERMS UNEQUALLED.
BACON'S New Articles—Required by every one.
MARVELS OF BEAUTY—Marvels of Cheapness.
* ALL HAVING SPARE TIME should call at our Establish-
ment, or write for full particulars, and our 48 page catalogue
before taking other agencies. M. BACON and Co., 127, Strand,
London.

AMATEUR PRINTER'S HANDBOOK,
with instructions how to make your own presses and
work them to advantage, with practical observations. Post
free twelve stamps. A great many of which are working on
this principle, and giving every satisfaction. W. WIGHTMAN
Derby-crescent, Dewsbury-road, Leeds.
Founded A.D. 1844. Empowered by special Act of Parlia-
ment, 25 and 26 Vict. cap. 74.
