MOSCOW POLYTECHNIC EXHIBITION,
1872. The Committee are desirous of forming, for reference in Moscow, a collection of Trade Catalogues or Price Lists of makers of machines and tools of all kinds and of mathematical and philosophical instruments. Parties willing to assist are requested to send at once to the Society of Arts, John-street, Adelphi, London, W.C., two copies of each such Catalogue or List (illustrated preferred), and the same will be forwarded to Moscow, free of expense.

P. LE NEVE FOSTER, Secretaries to the London Committee of the Moscow Exhibition.
R. POPOVE,

MOSCOW POLYTECHNIC EXHIBITION,
MAY, 1872. Parties desirous of Exhibiting are informed that the last day for receiving applications for space is Saturday, April 15th.

Forms for this purpose, and further information, can be obtained of the Committee at the Society of Arts, John-street, Adelphi, London, W.C.

By Order,
Feb. 20, 1872.

EVENING LECTURES to Working Men,
Royal School of Mines, Jermyn-street. The Fourth (and last) course of this season, consisting of six lectures on the Metallurgy of Iron and Steel, by Dr. Percy, F.R.S., will be commenced on Monday next, the 4th March, at Eight o'clock. Tickets may be obtained by Working Men only, on Saturday evening, the 2nd March, from 7 o'clock, on payment of a fee of 6d.

N.B.—Only one ticket can be issued to each applicant, who is requested to bring his name, address, and occupation, written on a piece of paper, for which the ticket will be exchanged.

TRENHAM BEEKS, Registrar.

NATIONAL INSTITUTION for DISEASES
of the SKIN. Physician, Dr. Barr Meadows. Patients attend at 227, Gray's-inn-road, King's-cross, on Mondays and Thursdays; and at 10, Mitre-street, Aldgate, on Wednesdays and Fridays—mornings at ten, evenings from six till nine. Average number of cases under treatment, 1,000 weekly.

THOMAS ROBINSON, Hon. Sec.

R. H. WILLIAMS, Engineer, Auctioneer,
and Trade Valuer, is buying, selling, and taking in exchange every description of new and second-hand Machinery, at his Machinery Depot, South Bermondsey Railway Station (three minutes from London Bridge), and 224, Grange-road, Bermondsey.

STEAM BOILERS FOR SALE.—One double-flue Lancashire Boiler, 30 ft by 8 ft; tubes, 3 ft ½ in plate.

Two Cornish, 16 ft by 5 ft, tube, 3 ft 7 in
One 10 ft by 5 ft, do, 3 ft 6 in
One Cylindrical, 20 ft by 3 ft 6 in
One do, 12 ft by 4 ft
One do, 12 ft by 3 ft
One Euphrat, 10 ft by 4 ft, 3 tubes, 18 in diameter.
Portable, Upright, and other Boilers, new and second-hand.
R. H. WILLIAMS, South Bermondsey Railway Station, and 224, Grange-road, S.E.

STEAM ENGINES FOR SALE.—One six-cylinder condensing Beam Engine with 20 in jacketed cylinder, equal to new.

One High-pressure Horizontal do. (new) 16 H.P.	12
One do. do. do. do. do.	10
One do. do. do. do. do.	8
Two do. do. do. do. do.	4
One do. do. do. do. do.	3
One do. do. do. do. do.	4
Two Vertical Engines,	8
One do. do.	6
One Table do.	8

and several other Engines.
R. H. WILLIAMS, South Bermondsey Railway Station, and 224, Grange-road, S.E.

GAS and STEAM COOKING APPARATUS
for SALE, together or separate. Two Gas Ovens, will cook for 1200 persons each; also, Cast-iron Jacketed Copper, large Gas Stoves, Two Cast-iron Tanks, to hold 5000 gallons each. Can be seen in use. For cards to view, address R. H. WILLIAMS, Auctioneer, Engineer, and Trade Valuer, 224, Grange-road, S.E.

MACHINERY of every description for Sale.
—Portable Engines, Mortar Mills, Rack and other Saw Benches, Screw Cutting and other Lathes, Centrifugal and other Pumps, Wheeling Plates, Pug Mills, Ralls, Cranes, Winches and Jacks, 200 new Vices, two ton Cast-steel for tools, Wrought and Cast-iron Tanks, &c.—R. H. WILLIAMS, 224, Grange-road, and South Bermondsey Railway Station.

FOR SALE, Nine Hydraulic Presses and
Pumps, 6 to 12-inch Rams, from 2 ft. to 4 ft. 6 in. rise, 3 to 8 ft. between lead and follower; and other kinds of Hydraulic Machinery.—R. H. WILLIAMS, 224, Grange-road, and South Bermondsey Railway Station.

WANTED, OLD IRON, in large or small
quantities of every description. Vans sent to all parts of London and its suburbs.—Apply to R. H. WILLIAMS, Depot, South Bermondsey Station, London.

TO AGRICULTURAL ENGINEERS and
IRONFOUNDERS.—A compact little business for disposal (employ 16 hands). Situate near Railway and Canal in a good agricultural district.—Apply No. 99, Office of this paper.

SILVERED PLATE GLASS, for Looking-
glasses, with or without frames. Silvered by new process, with pure silver, not liable to injury from damp, heat or handling. Unequaled in brilliancy, Samplings, tints, and estimates on application.—PATENT SILVERING COMPANY (Limited).

POLISHED PLATE GLASS.—Architects, Builders, and the Trade supplied with above at lowest current rate, and of the best quality.—PATENT SILVERING COMPANY (Limited), 10 and 12, Lower Kennington-lane, London.

PEARNS PATENT DONKEY PUMPS,
Double-acting with one ram, also useful for driving small power and as an auxiliary engine. Pearn and Co., Patentees and sole makers, Hulme Hall Road, Chester Road, Manchester. Office, 29, Market Place.

SEWING MACHINES. GOLD MEDAL.
75a. LOCKSTITCH. SYMONS'S "Gem" works on any table, or its stand, without being. Adapted for the finest work at home, or the roughest usage abroad. All learn 2 easy. It eclipses Factory Machines by doing better work, and costs considerably more, but unlike them, does not injure health, its patent punctum driver, by scraping one foot, is so easy and noiseless. Elegant, with extras, 3 guineas. Prospectus or trial, free. Agents wanted—the best to sell—the International Prize, and highest wherever exhibited. Manufactory, George Street, Blackfriars Road, London.

JOHN TANN'S RELIANCE MACHINE—
MADE FIRE-RESISTING SAFES, 25 per cent less than any other maker. 24 in., £2 10s.; 27 in., £3 10s.; 30 in., £4 10s.; 36 in., £12 10s. Cash, Feed, and Dispatch Boxes, Patent Reliance and Four-Lever Locks and Latches. The largest stock of Second-hand Fire-resisting Safes in London. 20 in., £2 10s.; 24 in., £3 10s.; 30 in., £4 10s.; 36 in., £12 10s. The Trade Supplied.—Agents—Messrs. Edge and Sons, Liverpool, 1, Goreau Place.

MODEL STEAM ENGINES. Every description of Model Steam Engines; Engines in Stock and made to order. Noblemen and Gentlemen Amateurs requiring first-rate workmanship and design combined will find H. J. Wood's the best and cheapest house in the trade. Link Motions, Double Eccentrics, Levering Levers, Feed-pumps, &c., ready for immediate delivery and made to Scale and Drawing on the shortest notice. Half-horsepower horizontal Engines, with feed-pump complete, £12 0 0, beautifully finished, light and compact. Locomotives with fixed slide valve cylinders and reversing motion, £4 4 0. Price Lists, free by Post. Screws, Nuts and Bolts and Brass Tubing. Wholesale Trade, and Export.—H. J. WOOD, 43A, Oxford-street, London.

LATHES! LATHES!! of Every Descrip-
tion; suitable for the Amateur or Mechanic. Superior quality and lowest price. TOOL CHESTS for family use, from 12s. each.—Catalogues and price lists sent free on application to MOSLEY and SIMPSON, Tool and Cutlery Manufacturers, 17 and 18, King-street, Covent Garden, W.C.

CHEAP LATHES.—S. SMITH, 204, HIGH HOLBORN, three doors from Newton-street.

TARPAULINGS and Machinery-covers.
John Edgington and Co. Established 1805, 48, Long-lane, Smithfield; 168, Old Kent-road, London. All sizes on Sale or Hire.

JOHN BOURNE and Co., Engineers,
Shipbuilders and Contractors, 66, Mark lane, London, E.C. tender for all kinds of Engines, Millwork, Tools, Hydraulic Machinery, Ships and Shipwork, Boilers, Bridges, Roofs, Railway and Contractors' Plant, &c.

NEW HORIZONTAL ENGINES, with Cy-
linders 5", 6", 8", 9", 10", 12", 14", 18", and 20", of entirely new designs. For strength, strength, and durability, the best in the Market. Withingham and Co., Engineers, the Birmingham Engine Works, Wiggins-street, Icknield Post-road, Birmingham.

JOSIAH LANE, Manufacturer of New and
Improved Machinery for making Bolts, Nuts, Spikes, Rivets, &c. Sain's-lane Works, West Bromwich.

TO ENGINEERS.
THE "FIELD" TUBES can be fitted to
already existing boilers. They will either effect a considerable saving in fuel or enable boilers now short of steam to keep full steam.—For price and particulars apply to Mr. LEWIS OLRICK, Consulting Engineer, 27, Leadenhall-street, London.

THE "FIELD" BOILER is the most
economical steam boiler as to space, fuel, and price. It is equally adapted for stationary, portable and marine engines. Illustrations and full particulars may be obtained by applying to Mr. LEWIS OLRICK, Consulting Engineer, 27, Leadenhall-street, London, E.C.

FOR SALE, BOILERS and MACHINERY.
CORNISH, VERTICAL, EGG-ENDED, and
MULTITUBULAR BOILERS, Portable, Vertical, Horizontal, Oscillating, and Beam-Engines, Steam and Hand Pumps, Jibs, Steam and Hand Cranes, and Hydraulic Presses, Steam Jacket Pans, Lloyd's Pans, Drilling Machines, Rigger Shifting Tanks, Plummer Blocks, Jibs, Lathes, and all kinds of Tools, Couplings, Saw-Frames and Benches, and all kinds of Machinery and Boiler Trucks.—Apply,
Fenton and Kiley, Arch 568, Station-road, Spa-road Station, London.

MODEL STEAM ENGINES.—The largest
Stock in London, of every description, from the smallest toy to Large and Powerful Engines; also Bateman's celebrated Model Castings, Cylinders ready bored, Engines roughly fixed, &c., all sizes. Amateur's Tools, Lathes complete, all iron and steel, £3 12s. 6d. Descriptive Catalogue (40 Illustrations), post free, 3d.

BRASS CASTINGS for Model Steam Engines
by means of which an Amateur wholly unpractised in the Mechanical Arts, can even without a Lathe or any expensive Tools make a good working Model Steam Engine; complete Set in Brass for making Slide Valve Engine (the best kind) with Cylinder 1 inch stroke, ½ inch bore; including Fly Wheel and all castings required from 3s. 6d. per set; or for Marine Engine Models with 2 Cylinders, Paddles, &c. 5s. 6d. Descriptive Catalogue (40 Illustrations) Post Free, 3d.—J. BATEMAN, 131, High Holborn, London.

MATHEMATICAL INSTRUMENTS, &c.
64 Charing-cross, S.W.

HOLTZAPFFEL and CO. supply first
quality INSTRUMENTS at second quality prices. A visit of inspection is solicited.

TO ENGINEERS and BOILER MAKERS.
—BROADBENT'S SELF-ACTING SMOKE PREVENTER is the most durable and efficient apparatus for all classes of intrinsically fired boilers. It increases the evaporation of water from 7 to 12 per cent. 1,000 are now in use in Lancashire and Yorkshire alone. Firms required to take orders and fix the apparatus to new boilers. Terms liberal. References and all information on application to BROADBENT AND NORBURY, Engineers, Ducie-street, Piccadilly, Manchester, Inventors of the new Draught Indicator Price £4 10s.

MAGIC LANTERNS and DISSOLVING
VIEWS.—The largest, best, and cheapest variety in the world at BERNARD DAVIS'S Optical Instrument Manufactory, 420, Euston-road, London. Established 1845. Microscope and Telescope combined. The most useful apparatus known, forming two instruments, equal in power to the most expensive made, price 25s. complete in case. Microscopes magnifying 10,000 times with three powers, 10s. 6d.; Ditto, magnifying 20,000, 21s. The Celebrated Student's Microscope, £3 10s., recommended by the Society of Arts. Pocket Telescopes, achromatic, for 10 miles range, 10s. 6d. Ditto for 20 miles range, 21s. Spectacles with Pebbles, 7s. 6d. Descriptive Catalogues gratis. The Trade supplied.

LINFORD'S IMPROVED CIRCULAR
SAW BENCHES, with plated tops, for 30-in. Saw, £9 10s. for 36-in. £15.—Prices for rising spindles, on application.—Mansfield Wharf, Belgrave-road, Leicester.

J. F. LLOYD, Iron and Metal
BROKER,
Mineral Agent, and General Merchant,
No. 1, Temple Row West,
Birmingham.

WALKER'S Complete Quartz-Crushing and
Amalgamating Machine. This is also the best for reducing tin, packing presses, and other purposes for the Colonies. —12, James-street, Old-street, City-Road, E.C.

DRAWINGS, PLANS, TRACINGS, &c.,
executed with accuracy and despatch, on moderate terms, by MESSRS. and THORPE, Mechanical and General Draughtsmen, 8 Quality-court, Chancery-lane, W.C.
M. and T. are thoroughly Practical Engineers.

FOR SALE OR HIRE.—Portable and Stationary Steam Engines and Boilers from 2 to 40 H.P. Steam Cranes and Wrenches, Cutting and Punching Presses, Planing and Shaping Machines, Saw-frames and Planes, Centrifugal and other Pumps, Mortar Mills, Lathes, Drilling Machines, Hydraulic and Screw Presses, Lloyd's Pans, Shafting, Couplings and Plummer Blocks, Rigger Wheels, Wrought and Cast Iron Tanks, and every description of machinery. ISAAC JACOBS, Railway Archos Newington Causeway, S.E.
N.B.—Boiler Trucks to carry from 2 to 20 tons.

FOR SALE.—New and Second-hand Screw
Cutting and Surfacing Lathes, by Whitworth and other makers. Small Screw Cutting Lathes with Treadle Motion Amateur Foot Lathes always in stock. Large and small Drilling Machines by Smith, Benbow, and Tannatt, Greenwood and Batley, and other makers; Planing and Shaping machines by Kershaw of Manchester, Backton of Leeds, and others; eccentric Cutting and Punching Presses by Simpson, Birks, and other makers; Fly Presses, Horizontal, Vertical, and Portable Engines; Lloyd's and Shiel's Pans, Stocks and Dies; Whitworth's thread; New and Second-hand Leather Bolting; Shafting Couplings and Plummer Blocks. All sizes kept in stock; about 20 tons of Rigger Wheels; 20 tons of Wrought Iron Tanks, Anvils, Vices, Smith's Bellows, Portable Forges, and every kind of Smith's and Engineers' tools always in stock at
J. COHEN'S, 240, Blackfriars-road.

MODEL STEAM-ENGINES.—Hori-
zontal, Vertical, Locomotive, and Marine. All the separate parts, Cutters, Schooners, Screw and Paddle, every requisite for Model Rigging, Patent Steamboats, Chemical Chests, Microscopes, Magic Lanterns, Balloons, Fireworks, Floor Skates, Catalogues 3 stamps.—STEVENS' Model Dockyard, 22, Aldgate. Models to scale.
