

They have married - & then very pro-  
perly made their husband & children  
the first consideration - So then now  
if I were to fall desperately in love  
with Brahms - & he were to propose to  
me - I'd say no!!!!!! So far not-  
that - I shall marry in Germany...  
I told Heuschel my opinion and he  
said perhaps I was right - but as he  
himself has a daughter - an un-  
glücklicher Lieber on hand - I don't  
think he's a judge! He is so good to  
me - corrects my songs for me ( I  
have composed lots more ) - sets  
me basses on which I construct  
Chorales & all sorts of things - & yet -  
I know if I were Heuschel it would be  
a great pleasure to me to get  
hold of a new pupil to give a  
friendly shove on to - during a  
3 weeks do - nothing - stay in a little
