GREAT STRIKE IN PROSPECT.

Glasgow, July 9.
The Executive Committee of the Scottish Coal Miners' Union has recommended a strike, when the term for the existing rate of wages expires.

London, July 9.
It appears that the recommendation issued by the Executive Committee of the Scottish Coalminers' Union in favour of a strike, to begin on the 28th instant, is dependent on the possible proclamation of a general strike throughout the whole of England and Scotland. The question is to be brought before a meeting of the English Miners' Federation on the 15th instant.

PROGRESS WITH TARIFF BILL.

It is announced by the New York correspondent of *The Globe* that President Taft will hasten his return to Washington from the Champlain celebrations, in order to be at hand when the Tariff Bill is ready for his signature. The Conference proceedings have not revealed any unsurmountable difficulties in the way of this happy consummation, and Congressmen are blithely packing their trunks, ready to get away from the enervating heat of the capital and wearying work of the special Session at the first possible moment.

The proposal for the establishment of a special Customs Court has gone through practically without opposition, and the tax on corporation profits has not suffered much, Senator Aldrich making concessions at the last moment, which he had all along been prepared to do, if the need should arise.

Washington, July 7.
The Senate today adopted an amendment to the Tariff Bill under which the holdings of companies are included in the clause providing for a tax upon corporations.

The Senate agreed that the final vote on the Bill should be taken tomorrow.

TARIFF REVISION IN CONGRESS.

Washington, July 9.
The Tariff Bill has been referred to a joint Committee of the Senate and House of Representatives, in consequence of the amendments made in it by the Upper House.

THE FLIGHT ACROSS THE CHANNEL.

Calais, July 9.
The men employed in the construction of Mr. Latham's aeroplane received instructions to expedite their work as much as possible, and to work the night through. Latham hopes to undertake his flight across the channel this evening.

THE CHAMPLAIN CELEBRATIONS.

MR. TAFT REVIEWS CANADIAN TROOPS.

New York, July 8.
Speaking at Plattsburg yesterday, in connection with the Champlain celebrations, Mr. Taft said an enlargement of Federal power would possibly be necessary in the future, but he relied upon the present Constitution to deal adequately with reforms. America was the most conservative country in the world.

The President afterwards reviewed a body of Canadian troops, and expressed great satisfaction that they should be marching under a colonel who was by birth an American. He praised the men, and predicted a great increase of neighbourly feeling with Great Britain.

SPEECH BY MR. BRYCE.

Plattsburg (New York), July 7.
The Champlain Tercentenary Committee gave a dinner this evening in honour of President Taft. Mr. Bryce, the British Ambassador, responding to the toast of the British Empire, urged that the great men of this earth should be appealed to to influence the promotion of peace and goodwill among nations. A renewal of strife, he said, need not be feared among the three nations which had joined in that celebration. France, Great Britain, and the United States were linked by what he believed would be enduring friendship.

Among the military organisations present at the celebration today were the Governor-General's footguards and 5th Royal Highlanders from Ottawa, the latter representing Canada.

THE CANADIAN MINING STRIKE.

Halifax, N.S., July 7.
Troops have been ordered to proceed to Glace Bay to preserve order among the miners who are on strike, and a military train with 500 officers and men and two machine guns leaves to-night. The situation has become more serious and many scenes of disorder have occurred, leading to the reading of the Riot Act.

Mr. Duggan, the General Manager, was assaulted by the strikers. They surrounded him, but he escaped without serious injury.

Half of the Dominion Coal Company's men are working. The United Mine Workers are attacking the men of the local company who are members of the Provincial Workmen's Association. The striking organisation is American, the other purely Canadian, and there is bitter feeling between the two bodies. Both sides still claim to be satisfied with developments.—Reuter.

REVOLUTION IN COLOMBIA.

We have received the following letter from one of our esteemed readers:

TO THE EDITOR OF THE DAILY RECORD.

Dear Sir,

In reference to a telegraphic dispatch published in your issue of Friday, July 9th, under the heading of "Revolution in Hawaii," I should like to be permitted to point out that Hawaii (Hawaiian or Sandwich Islands), is at present a Territory of the United States, situated in the north Pacific ocean. Being a Territory, it has no President Reyes, or any other President, and there is no place by the name of Colon in the group. A revolution has probably taken place at Colon or Aspinwall, on the west coast of Panama, about five thousand miles from Hawaii.

Yours etc.

M.

We are much obliged to our esteemed correspondent for drawing our attention to a mistake in last Friday's issue. As the heading of this paragraph shows, the revolution has broken out in Colombia, and the error in the issue above referred to was only a clerical one. We are, however, greatly indebted to our correspondent for his gratuitous instruction in geography, superfluous as we hope it will seem to the remainder of our readers.

New York, July 8.
According to reports received here from Colombia via Panama, the situation in the Republic is serious. The department Cauca is in a state of ferment, and it is believed that the whole of Southern Colombia will be in arms in the course of the next few days.

DEATH OF TWO STATESMEN.

Lemberg, July 9.
The former Minister-President Count Badeni suffered a stroke and died here today.

London, July 9.
The Marquess of Ripon, former Viceroy of India, died today.

George Frederick Samuel Robinson, 1st Marquess of Ripon (cr. 1871) was born in London, 24. Oct. 1827. He was Governor-General of India from 1880 to 1884.

THE CHOLERA IN ST. PETERSBURG.

St. Petersburg, July 9.
The number of deaths from cholera in the last 24 hours has been 53, the number of fresh cases 107. The number of cholera patients under treatment is 721.

BERLIN

All social and other items intended for publication in this column should be sent to the Berlin representative of *The Daily Record*:—Miss C. M. Hook, Rosenheimer Strasse 28, W. All business communications, relating to advertisements, etc., should be sent direct to the Dresden office:—Struve Strasse 5.

Copies of *The Daily Record* may be obtained at Selmar Hahne's bookstore, Charlottenburg, Joachimsthaler Strasse 44, opposite the Zoological Garden station.

Mr. Elmer A. Sperry, an American inventor from New York is in Berlin, carrying on negotiations in connection with a remarkable invention which he has lately perfected in America after years of labour, and which is likely to absolutely revolutionise the steamship traffic of the world,—men-of-war as well as passenger vessels. Mr. Sperry's invention is an apparatus to keep ships from rolling; to preserve them, amid the high seas, with a perfectly level deck; to render them, in fact, absolutely proof against the heaving motion of the waves.

Mr. Sperry is at present exploiting his apparatus exclusively as regards the enormous services which it is calculated to render to naval vessels. Two navies are already investigating the system with a view to its adoption.

The gain which the apparatus represents, particularly to the man-of-war, is at the present stage of its development incalculable. An enormous advantage is naturally represented in the steadying of the deck alone. This naturally brings with it also an improvement in the gunnery. Equally important is the vast reduction in the amount of armour-plate required to protect the vessel. The latter, ceasing to roll, would expose a considerably smaller area of its surface to the enemy. Mr. Sperry points out that the cost of attaching the apparatus to a war-vessel is about one hundredth part of the outlay economised in armour.

The apparatus, which has been patented by Mr. Sperry since his arrival in Germany, is extremely small in comparison with its powerful influence upon the movement of the ship. Its action is so simple, the inventor tells the *Daily Record* correspondent, that it can be demonstrated with ease and complete effectiveness in his room at the hotel.

Major General Chas. B. Hall, of the U.S. Army (retired), who has been staying at the Grand Hotel Bellevue with his daughters, will leave for Paris on the 15th inst.

Major General Hall is late Commandant of the Army Service Schools at Fort Leavenworth, Kansas.

The British Pro-Consul, Mr. Anthony Steffen, has returned to Berlin from his summer vacation at Rewal on the Baltic.

Madame Kirsinger, Kurfürstendamm 242, has left Berlin for a ten days' visit to Dresden. She is staying at Pension Peterreit, Nürnberger Platz 5.

Among those present at Mr. George Peixotto's informal reception in his studio, Sigmundshof 11, last Sunday afternoon were his Excellency the French Ambassador, M. Jules Cambon, accompanied by M. Louis Hermite, Secretary of the Embassy. Of the American Embassy, Mr. Gustav Scholle was present. Court circles were represented by Countess Schill-Plessen; Count and Countess zu Lynar, Count Görtz of Schlitz and others. Mr. Peixotto leaves Hotel Adlon shortly to make a brief visit to Etretat or Trouville.

A pretty German-American wedding was celebrated in the reception-rooms of the Hotel Bristol on Thursday afternoon, when Dr. Oscar Albert Krone, one of the young American dentists practising in Berlin, was married to a charming Berlin girl, Miss Käthe Deutsch of Kaiser Allee 23. After an impressive ceremony under a bower of lilies and roses, a wedding repast was served at which covers were laid for forty. Dr. and Mrs. Krone have left for a honeymoon trip to Sweden, Norway and Denmark and on their return will take up housekeeping in the Schaper Strasse. Dr. Krone is associated in practice with Dr. Thimme, his uncle, in the Tauenzien Strasse.

Mr. and Mrs. Robert M. Berry, Rosenheimer Str. 9, are receiving the congratulations of many friends on the birth of a daughter on Saturday, June 26.

Mr. and Mrs. William C. Dreher, Speyerer Str. 26, have entertained Mr. Guy E. Marion, of Waterbury, Connecticut, as their houseguest during the past week. Mr. Marion, who is cousin to Mrs. Dreher, has been energetically "doing" Berlin, after a general sight-seeing tour through Europe.

Mr. and Mrs. Dreher expect to leave early this week for a fortnight's holiday in Thüringen.

Mr. and Mrs. Cyrus H. McCormick, of Chicago, who arrived in Berlin, at Hotel Adlon, on July 1, have gone on to Dresden. Mrs. McCormick left on Friday for the Saxon capital, where Mr. McCormick joined his family on Saturday, after a flying-trip to St. Petersburg.

THE FLOODS IN AMERICA.

MANY PERSONS KILLED.

Kansas City, July 7.
The water continues to rise in the Western States. Several passenger trains have been derailed near Pomona (Kansas), four trains of ten coaches each being rolled over in 18 feet of water. At Chillicothe (Missouri) six men were swept off a bridge and drowned, and hundreds of persons are homeless, while many are held prisoners. At Rising Rivers a man was carried away in the main street by the current and drowned, while at Pattonsburg (Missouri) thousands are homeless.—Reuter.

INTERNATIONAL AGRICULTURAL CORPORATION.

New York, July 9.
A new International Agricultural Corporation has been formed here for the purpose of dealing in fertilizers, with a capital of fifteen million dollars. Its president is Waldemar Schmidtman.

ANIMOSITY AGAINST PERU.

New York, July 9.
A report has been received here from La Paz, in Bolivia, as follows: "In consequence of the decision pronounced by the President of the Argentine Republic, entirely in favour of Peru, in the matter of the boundary dispute between Peru and Bolivia, the populace made a violent attack on the Argentine Embassy last night. Troops were called out, but noisy demonstrations against Peru continued in all parts of the town."

CUBA AND THE UNITED STATES.

Havana, July 9.
President Gomez has issued a decree, annulling the contracts made by an agent of the Cuban Government in Germany and France for the delivery of guns and rifles. A Commission has been appointed to visit the United States and Europe, to study the best models, and to make new contracts. These measures are the result of the protest of the United States.

THE FRENCH TARIFF BILL.

A SENSIBLE SUGGESTION.

Paris, July 8.
On the occasion of the debate on the French tariff Bill, M. Jaurès, the famous Socialist leader, moved that France should take the initiative in bringing about an international conference of all Powers interested, with the object of reducing gradually and simultaneously the customs tariffs in all countries. The motion was passed by 548 against 11 votes.

ANOTHER FRENCH DUEL.

Although Minister Caillaux had informed his assailant, M. Bos, that a man of his character could not insult him—as we reported in our issue of yesterday—the affair was not settled, but a duel took place in Paris on Friday, with the usual result of neither of the two men receiving any injury whatever.

ALARMING FIRE AT CHERBOURG.

Cherbourg, July 7.
A great conflagration occurred in the Arsenal last night. The fire broke out in the torpedo workshops and spread rapidly. The whole garrison was called out to assist in mastering the flames. The town was as light as in daytime. At midnight the danger had passed. The damage is estimated at several millions of francs.

THE PERSIAN CRISIS.

Teheran, July 10.
Sipahdar and Sadar-as-Sad, at the head of the Nationalist forces, have arrived at Yofabad, five miles west of Teheran. It is supposed that they will enter the capital during the night.

MOROCCAN AFFAIRS.

A RUMOUR DENIED.

Paris, July 8.
Le Matin reports from Tangiers that the German ambassador had recommended his government to request France to intervene in Morocco, in view of the unsatisfactory state of affairs there. Wolff learns on enquiry that there is absolutely no truth in the report. The French Ministry for foreign affairs likewise declares the rumours of any steps suggested by Germany and Italy false.

SPAIN AND MOROCCO.

Madrid, July 9.

The *Heraldo* publishes a report from Melilla that seven Spaniards working in the Riff mines were attacked yesterday morning and four of the number killed by a party of Moroccans. A fifth Spaniard was wounded. The Governor has started with a column in pursuit.

Paris, July 9.

A report has been received here that an officer and several soldiers had been brought back to Melilla dead, and a Captain, a Lieutenant, and more than 30 soldiers wounded, at 5 o'clock yesterday afternoon.

Melilla, July 9.

The Spanish artillery destroyed the duars and the water supply of Mozaza. As the Kabyles offered a fierce resistance, reinforcements were sent out. The Spanish officer in command, General Marina, captured the important strategical position of Atalayon. From the latest reports, it appears that the fighting is at an end.

Madrid, July 9.

The *El Mondo* states that the Spanish on leave have been ordered to join their detachments.

Madrid, July 9.

The War Minister is said to have received a telegram from the Government at Melilla expressing fears that the Kabyles would renew the attack today in increased numbers.

Melilla, July 9.

According to the latest reports from General Marina, the Governor had gained possession of the Kasbar Hador without great difficulty. The attacking Kabyles received severe chastisement. They had mutilated the bodies of the miners they killed and tried to burn them, but were surprised by the arrival of the troops and fled. The troops had shown great bravery and endurance. Another wounded Lieutenant has been brought here.

Melilla, July 10.

The Spanish force lost 20 wounded in yesterday's fighting, and took 18 prisoners. The Kabyles numbered 4,000.

On the Sport Park ground near the Nossener Brücke, football will be going on today from 10 o'clock in the morning, and again from 3 o'clock in the afternoon. At the former hour the Juniors, and at the latter hour the other members of the Dresdner Sport-Club, will meet in the new competitions. At 5 p.m. the decisive game between F.C. Dresdensia I. and Habsburg I. will be played on the same ground; if Habsburg wins the game, the side will be in the first class of the competitions.

The inaugural meeting of the International Congress for applied photography will be held in the Hall of the Royal Technical High School tomorrow, Monday, at 10 o'clock in the forenoon. The Congress will last until the 15th instant.

Interesting experiments have been carried on in the Royal Botanical Gardens to determine the influence of light on the growth of plants. The subject of the experiment was a species of the sensitive plant *mimosa*, which is remarkable for the irritability of its leaves; and the shades of coloured light employed were white, green, orange, carmine, violet, and brown-red. Some results of the experiment are to be seen in the department "Botanik" of the International Photographic Exhibition. The *mimosa*, which here in the open air forms a wide-spreading shrub, at once, when exposed to white light, began to grow high and less spreading. Under green light the stalks became scantier and the serrated leaves remained small. Orange light, on the other hand, favoured surprising growth in the plant and even produced a blossom. Under carmine light the *mimosa* attained its highest growth, but the leaves were few. The shades the *mimosa* liked least were blue-violet and brown-red; under the former it had but one low stalk, and under brown-red was quite dwarfed.

The Ernemann Cinematograph Theatre in the International Photographic Exhibition has a new programme which will hold good for every day this week up to Friday inclusive. Two of the films are particularly interesting; one of them showing all the stages of the manufacture of a giant gun, the other the making of a photographic camera.

The guards in the city today are furnished by the Jäger battalion No. 13, whose band plays about 12.30 p.m. in the Neustadt.

NOTICE TO DRESDEN READERS:

In order to enhance the usefulness of The Daily Record as a medium of communication between members of the English-speaking colonies in Dresden, we cordially invite our readers to send in social items—dealing with new arrivals, social events, and other matters of interest—for publication in our columns. No charge is made for such insertions; on the contrary, we shall feel obliged to everybody who sends them in.

Every shop where English is spoken should take in and advertise in The Daily Record Strasse 5, I.

Coarse-Ground Indian Corn

serves for the preparation of

HOMINY

which is so very popular in America, where it has become almost a necessary of life; and of other extremely tasty dishes that are easily digestible and very salubrious, while at the same time remarkable for high nutritive value and great cheapness, as well as for the simple manner of their preparation.

LATEST AMERICAN MAIL NEWS.

TO THE UNITED STATES.

July 13.—Kaiser Wilhelm II., from Bremen, mails due in New York July 20. Mark letters "Via Bremen," and post not later than 1 o'clock p.m. tomorrow (Monday). July 14.—Majestic, from L'pool, mails due in New York July 22. Mark letters "Via England," and with name of vessel, and post as per preceding steamer. July 17.—Lusitania, from Liverpool, mails due in New York July 23. Letters must be marked "Via England" and with name of steamer, and be posted in Berlin and Dresden not later than 1 o'clock on Thursday, the 15th inst. July 21.—Kronprinz Wilhelm, from Bremen, mails due in New York July 27. Letters must be marked "Via Bremen," and be posted in Berlin and Dresden not later than 1 o'clock p.m. on Monday, the 19th inst.

TO CANADA.

Letters destined for Canada it is advisable to send by one of the New York steamers, as they are likely to reach their destination more quickly than if despatched by one of the direct vessels from Liverpool to Montreal.

SPECIAL NOTICE.

Letters for the above steamers should be mailed in the boxes at the station (Berlin, Lehrter Bahnhof; Dresden, Hauptbahnhof) or at the General Post-office at the time mentioned.

Letters bearing a 10-pennig stamp per weight of 20 grammes are only valid for transit by a German steamer sailing direct from a German port. They will not be sent by an English or French steamer.

NEXT AMERICAN MAILS DUE IN BERLIN AND DRESDEN.

Tomorrow (Monday), by the S.S. Philadelphia, left New York July 3. Wednesday, July 14, by the S.S. Kronprinz Wilhelm, left New York July 6.

As there are many of our readers who still appear to believe that letters despatched to America under the new cheap rate—10 pfgs. for 20 grammes, only by steamer sailing from German ports—are not forwarded by the express steamers, but are kept back for transference by "any old tub," we may state that, on the contrary, such letters are despatched by the first steamer on the schedule, be it an express or ordinary mail steamer. No distinction whatever is made, and full advantage of the cheaper rate may therefore be taken. Such letters may be sent by every steamer sailing from a German harbour (Hamburg or Bremen) which appears in our daily mail list.
