THE RUSSIAN GOVERNMENT

H. LATE R. H. THE PRINCE CONSORT
MOST OF THE NOBILITY & GENTRY
THE DOCK COMPANIES

RAILWAY AND CANAL COMPANIES
PRINCIPAL COLLIERIES
MILLOWNERS, IRONMASTERS, &c.,

IS NOW EXTENSIVELY USED, AT HOME AND ABROAD, FOR ALL KINDS OF
OUT-DOOR WORK,

and has been proved, after a practical test of Seventy Years, to surpass any other Paint, and is consequently pre-eminently adapted to stand EXTREMES of CLIMATE. It is applicable to

RAILWAY STATIONS, SHEDDING, TRUCKS, &c.

ALSO

IRON BRIDGES, AND EVERY DESCRIPTION OF IRON-WORK;

WHILE FOR

PUBLIC EDIFICES, MANSIONS, VILLA RESIDENCES,

and every kind of BRICK, STONE, COMPO, &c., it is unrivalled, presenting the appearance of fine cut stone, and will positively become harder than the same a few months after it is laid on.

The ANTI-CORROSION is LOWER IN PRICE, and LASTS TWICE AS LONG as the Best White Lead; at the same time, is economical in application, as

ANY PERSON CAN LAY IT ON,

and its general superiority may be easily inferred, from the fact that its use has been always (with few exceptions) most inveterately opposed by all interested in the sale and use of common Paints.

The ANTI-CORROSION is a powder, and will keep any length of time.
