ERNEST CLENNETT'S IMPROVED RAPID AND INSTANTANEOUS GELATINE PLATES

(PREPARED BY AN ENTIRELY NEW FORMULA).

These Plates are quick, clean, and easy to develop; give brilliant round images, and are singularly free from defects. They are prepared of two different degrees of rapidity: the Rapid Plate being six times, and the Instantaneous twenty, more rapid than ordinary wet collodion. The Rapid Plate is recommended for all ordinary portrait and landscape work, making transparencies, copying, enlarging, &c. The Instantaneous Plate is specially recommended for taking babies' portraits, instantaneous views, large direct portraits, &c.

Prices per Dozen—Rapid and Instantaneous.
