

# BENNETT'S RAPID GELATINE PLATES.

THE BEST IN THE MARKET.

VERY RAPID! VERY REGULAR! VERY PERFECT!

EASY TO DEVELOP. WORK WITH GREAT CERTAINTY.

ONE TRIAL WILL ENSURE THEIR ADOPTION.

NOTE.—Mr. BENNETT has just completed considerable additions and alterations in his Manu-  
factory, and is now in a position to Supply promptly Orders to any extent and for any sizes.  
Customers will for the future, therefore, not be troubled with the vexatious delays which have  
hitherto been unavoidable from the Demand being larger than the Supply.

The *British Journal of Photography* says:—"The process formulated by Mr. Bennett combines so completely all the best qualities of Gelatine, as to place his process far ahead of all others."

Mr. PROTHEROE, Bristol, says:—"I find your dry plates all you represent them."

W. DAKIN, Esq., Sheffield, says:—"I find none to excel them in general excellency, while they are much cheaper than the majority of plates."

Capt. TURTON, R.N., in a letter to the PHOTOGRAPHIC NEWS, says:—"They look exactly like good wet plates, with clear shadows, and every gradation of distance and light and shade."

*Fresh Testimonials received daily.*
