

THOMAS'S PLATES.

(GELATINE).

Manufactured on my own Premises, in a Building specially constructed for their preparation.

Each batch is most carefully tested under my own per-

sonal supervision. I am therefore able to state, that my Signature attached to the Label which protects each Box is a guarantee of their good qualities.

OTHER SIZES CAN BE MADE TO ORDER.

Photographic Artists and Amateurs desirous of seeing what can be accomplished with Gelatine Plates should order **Thomas's**. These Plates are extensively used by Professional Photographers in this country. In India and other hot countries they are worked successfully. The great attention bestowed by the Manufacturer in the suitable arrangement of appliances for their preparation, his Dry Plate Factory being most completely fitted, enables him to send out perfect Plates, either during the extreme cold of winter, or the heat of summer. The ease with which these Plates can be developed and fixed is remarkable; they possess the most exalted sensitiveness of Gelatine Plates, none hitherto prepared by any maker are more sensitive, whilst the great charm for which they are now famous is found in the facility with which a suitable degree of intensity is obtained without the slightest forcing.

Order from your Dealer in Photographic Materials **Thomas's Plates**, but should any difficulty arise they will be sent direct on receipt of a suitable reference or remittance. Terms to Photographic Artists and Dealers on application. A complete list of Agents will be shortly published.
