

CONTENTS.

INTRODUCTION. *Of Mineralogy*
in general - - - - - §. 1—§. 12.

CHAPTER I. *Of the characters of fossils in general, and of the pre-eminence and utility of the External Characters* - - - - - §. 13—§. 21.

CHAPTER II. *History of the External Characters of Fossils* - - - - - §. 22—§. 31.

CHAPTER III. *Of the definition of the External Characters of Fossils* §. 32—§. 40.

CHAPTER IV. *Explication of the External Characters of Fossils.*

Of the Ist. Common Generic Character. The Colour - - - - - §. 41—§. 62.

Of the IInd. Common Generic Character. The Cohesion of the particles - - - - - §. 63—§. 67.

I. *Of the particular generic characters of solid fossils* - - - - - §. 68—§. 70.

CHARACTERS FOR THE SIGHT.

OF THE EXTERNAL APPEARANCE §. 71.

1. *Of the external form* - - - - - §. 72 —§. 163.

2. *Of the external surface* - - - - - §. 164—§. 172.

b 3. *Of*
