INFORMATION FOR THE PEOPLE

Is an Encyclopædia containing a series of articles on the most important branches of SCIENCE, PHYSICAL, MATHEMATICAL, and MORAL; NATURAL HISTORY, POLITICAL HISTORY, GEOGRAPHY, and GENERAL LITERATURE. All is given which, if studied and received into the mind, would make an individual, in the common walks of life, A WELL INFORMED MAN. The ruling objects of the accomplished authors, have been to give what may be expected to prove the means of self-education to the people generally, whether enjoying the means of academic instruction or not.
