De Chryſopraſo. Cap. X.

CHryſopraſum & Chryſopraſium Plinius ſcribere videtur. nam libro 37.cap.8. Topazij genera diſcriminatim narraturus in hunc modum ſcribit: Duo eius genera faciunt Praſoidē atq; Chryſopteron ſimilē Chryſopraſio. Nec ita multo pòſt ſubdit: Vilioris turbæ eſt Praſius, cuius alterum genus ſanguineis punctis obhorret. Tertium virgulis tribus diſtinctū, eſt candidum. Præfertur his Chryſopraſius porri ſuccum & ipſa referente, ſed hæc paululum declinans à Topazio in aurum. Eiuſdē verò libri capite 5. Beryllorum diſcrimina deſcripturus: Vicinum (inſit) genus huic eſt pallidius, & à quibuſdam proprij generis exiſtimatur, vocatúrq; Chryſopraſus. Item & eius libri cap. II. Colos (inquit) appellauit Chryſolithum aureus, Chryſopraſum herbaceus. Puto tamē vel ſcriptorum vel typographorum oſcitātia Chryſopraſio, ꝑ Chryſopra-
