Qui focus in centro flammatur perpete luce,
in stomacho structus pabula sueta parat.

Quod si deficient vitalis robora flammæ,
nec focus ardescit, nec nova flamma venit.

Tu stomachi vires reparans nova pabula vitæ
suggeris, & famæ congrua signa refers.

*Honoris, affectus & fausta congratula-
tionis ergo scribeb.*

GUS VVEDELIUS.
