

## PEERLESS BLUE PRINTING MACHINERY

### Prints, washes and dries in one continuous operation

Peerless Blue Printing Machinery turns out more prints, better prints and cheaper prints than any other machine or method. Various installations in the mining field are earning good dividends on the investment. Where the requirements are limited, the Pease Vertical Blue Printing Machines, with or without SHEET WASHERS, are the most effective and economical. For every mine property there is a combination that justifies the outlay. Send today for a copy of our Catalog M-23. Address your request to The C. F. Pease Company, 816 No. Franklin Street, Chicago, Ill.

## DRAFTING ROOM FURNITURE — ENGINEERS' SUPPLIES

In our special Catalog "Furniture for the Drafting Room" we list a complete line of wood and steel filing cabinets, vertical plan files, tables of all sorts and descriptions, drafting machines and accessories. Pease products are made with the greatest care—they are guaranteed first-class in every respect. Ask The C. F. Pease Company, 816 No. Franklin Street, Chicago, Ill. for Catalog and prices.

We carry in stock a complete line of engineers and surveyors supplies, including Chicago steel tapes, leveling rods, drawing instruments, mine transits, levels and slide rules. All are carefully finished and warranted accurate. Shipments are promptly made. Your correspondence is invited. Just write The C. F. Pease Company, 816 No. Franklin St., Chicago and tell us your requirements.

## EVERYTHING FOR THE DRAFTING ROOM
