

Chateau Frontenac

It's fun...
touring in FRENCH

Quebec, the oldest city in North America, is a gem of the New World, rich in history and culture. Located on the banks of the St. Lawrence River, it is a city of contrasts, where the old meets the new.

Walking in Quebec, you are transported back in time. The streets are lined with historic buildings, and the air is filled with the sounds of French music. You can see the Chateau Frontenac, a masterpiece of French architecture, and the old-fashioned shops that line the streets.

From Quebec, you can explore the rest of the province. The St. Lawrence Valley is a beautiful area, with rolling hills and vineyards. You can see the Saguenay Fjord, a spectacular natural wonder, and the Gaspé Peninsula, a beautiful coastal region.
