THAT means invitations—and gift Linens—Colored Table Damasks, a set of Decorative Linens or exquisite Household Linens! We are always glad "to do" the gift up in plenty of tissue paper and yards of white satin ribbon! And we'll remove the price tag, for McCutcheon Linens look so much more expensive than they are!

In the Gift Corner on the Fourth Floor—candlesticks, vases, lamps, occasional furniture and distinctive Liberty pattern, silver or pewter.
