AN UTTERLY NEW IDEA IN
A Lace-back Corset

● Here is a new FLEXEES foundation, so ingeniously fashioned that it completely overcomes all the disadvantages of the conventional lace-back corset. Everything about it is distinctly different. . . . Designed to mould the figure to perfect lines, this marvelous Twin-Control garment smoothes away rebellious rolls and bulges, without the slightest sacrifice of comfort. Its two-way Laster stretch "gives" with every move and allows complete body freedom . . . No gaping at the back. No riding up or buckling. It hugs the waistline snugly and gives extra support where needed. . . . Model illustrated, \$10. Other FLEXEES from \$5 to \$15.
