**PETRAGLOSS**  
is manufactured with the utmost care from the finest pigments incorporated with Varnish Mediums specially prepared to give lasting wear. Petragloss is recommended for outside as well as for inside use. It may be used on Plaster, Cement, Wood and Ironwork, or on any surface fit to receive paint. In addition to a wide range of colours, Petragloss is also stocked in White, Broken White, Ivory White and Black. Special shades can be matched at short notice. Tint card and full particulars gladly sent on application.
