PUHONNY

of marionettes in the service of advertisement ...

Ivo Puhonny's work is before us, an imposing unity. Even the few extracts which we can show here, give an idea of the wonderful richness of his colourful and plastic world and we recognize the essential significance of the simple motto to which this artist, conscious of his responsibility to himself and his genius, has remained true all his life:

"A good marionette is more valuable than a living mediocrity" ...
