BY TOWLE

Soft candlelight adds a romantic touch to the new
brilliant dinner table... and turns the spotlight on
his silver! Candlelight and Aristocrat, just announced
by Towle, are the very answer to sterling... solid
silver. Like all Towle patterns they will be in style
and in vogue next 5 or 10 years. Their price is most rea-
sonable... a dining set price set, about \$50.00.

CANDLELIGHT—The beauty of flickering candlelight
reflections in the flowers and spoons adds to the
whole a Romantic Charm, rich and lovely.

ARISTOCRAT—The long flowing lines and softly
smiling curves make it truly an aristocrat. None ex-
cept the Grecian Bowl. Here is new beauty for the
brilliant table—an ensemble with the pleasing simple-
lines and classic beauty of the world's ancient Greeks.
So truly appropriate it you should see and handle it.

Beauty to go with you down the years

CHOICE your Sterling Silver patterns wisely. For your
silver will be a lifetime companion.
Perhaps you'll select *Trousseau*—International
Silver's newest pattern. It's a modern classic. And here
is *Orchid*, an Early American... and *Cadroon*—an authen-
tic reproduction of 18th Century English Giltwood silver.
Your jeweler will show them to you—in Europe and
hollow ware. The prices are pleasantly moderate. For in-
stance, six teaspoons, regular weight, are priced as fol-

lows: *Rhapsody*, Wedgwood, 18 00, *Pine Tree*—\$2.50
Minuet, *Trousseau*—\$8.50, *Gadroon*—\$9.00, *Orchid*,
Empress—\$9.50.
Write to us for booklet giving complete descriptions
and prices of these patterns.
