Illustrationen zu Äsops Fabeln

Illustrations for Æsop's Fables

naive type of tale and story in which occurrences play the most important rôle and which allows wide scope for pictorial portrayal. His drawings illustrating Æsop's Fables and Musäus' Chronicles of the Three Sisters are pure interpretations of the words of the text. They have their own particular features, and yet make the meaning of the story clearer and more vivid, giving the book an atmosphere of its own. For, however, long a time one gazes at these drawings,
