

*Ary* Fagundes is one of those excellent advertising artists whose marked successes and decided talent are largely due to their unusual power of adaptation. The remarkable feature of such gifted artists is that in their efforts to achieve clarity and suitability for practical purposes, they never become commonplace but preserve a conspicuously artistic tone. Ary Fagundes, the young Brazilian artist, was often the winner in competitions of his country, which could record numerous entries. Twice he headed the lists, a convincing proof of his highly developed talents which enable him to solve problems with outstandingly good media and with astonishing results. Whether an appeal is made for an Exhibition of domestic
