★

Werner Weiskönig shows some excellent specimens of his graphic drawings. His work is arresting and calls for closer inspection. In the main, it consists of designs for postage stamps, headings of letters, banknotes, and papers, signets etc. The fascination of these compositions lies in their amazing clarity, while carefully planned media have been combined to create a strong impression. At times, if one may say so, a certain "monumentality" in miniature has been achieved which lends a vigorous, poster-like effect to the composition. Designs such as these, particularly the postage stamps, are outstanding
