

BERZEVICZY-PALLAVICINI

Darstellung von Stoffen aus der Zeitschrift „Bellezza“

Presentation of dress material in the periodical "Bellezza"

in speaking of Friedrich von Berzeviczy, an artist residing in Milan. He is a citizen of the world in the best sense of the term. Versed in the ways of the world he combines worldly wisdom with charm of manner and the best qualities of the heart, a rare blending of characteristics which alone would make him a central figure in any sphere of activity. In addition to all these gifts he has a spontaneous talent for drawing which he uses solely for decorative work.
