Photius Scorsini librum
de bello Carbis adversus Roma-
gesto scripturus est.

Quae ergo ille instruit, non iam latronis in morem, sed iusta
ac publica bella, partim per se, partim cum Caracenis una;
quibusque vel vixerit, vel inferior fuerit: ad aliam tractatio-
nem, ac suum certum tempus spectat explicare. Cum enim
omnis generis malis ~~vicinis~~ ~~regiones~~ ~~Imperii~~ ~~Romani~~ ~~maxime~~ ~~sibi~~
vicinas implevit: magnitudo miseriae sufficit, ut pro hoc sermone
posteris continuam historiam tradamus.
