SPAIN WITH MC. ALMON AND BIRD
THE PUBLISHERS

by

ERNEST HEMINGWAY

In the rain in the rain in the rain in the rain in
Spain.

Does it rain in Spain?

Oh yes my dear on the contrary and there are no
bull fights.

The dancers dance in long white pants

It isn't right to yence your aunts

Come Uncle, let's go home.

Home is where the heart is, home is where the fart is.

Come let us fart in the home.

There is no art in a fart.

Still a fart may not be artless.

Let us fart and artless fart in the home.

Democracy.

Democracy.

Bill says democracy must go.

Go democracy

Go

Go

Go.

Bill's father would never knowingly sit down at
table with a Democrat.
