

BLACK SUSI

For once I joined a Liverpool — ship,
o role the cotton down!
We had ord'r to go to New - Orleans, o role . . .
There it was, where I first saw a niggerwench,
o role . . .
Her name was Su and was liked by the crew,
o role . . .
And dark — eyed Susi came on board, o role . . .
And she said to the captain: how do you do?
o role . . .
And up aloft his chronometer flew, o role . . .
And she winked with her eyes to the chief mate too,
o role . . .
I think I heard the captain say: o role . . .
Another pool and then belay!
O role the cotton down!
